

REMARKS

Applicants respectfully request entry of the herein contained amendment under the provisions of 37 C.F.R. § 1.312.

By this amendment, claim 1 has been amended for clarification. It is noted that the proposed changes merely render the recitation therein more precise by changing “transmission respectively, and said exhaust port is provided in the vicinity of said fan, said fan configured to draw in two separate streams of air from said separate air intake ports respectively, a first stream of air drawn in from a motor side” to --transmission₁ respectively, and said exhaust port is provided in the vicinity of said fan, said fan configured to draw in two separate streams of air from said separate air intake ports₁ respectively, a first stream of air drawn in from a motor side---. Claim 1 has been amended by adding a comma before the word “respectively”. The word “respectively” was inserted in two places in the Examiner’s Amendment dated August 16, 2005. Applicants respectfully submit that the entry of the present amendment is proper under 37 C.F.R. § 1.312 since it does not require an additional search or examination, since it is made merely for clarification, and since no new matter is contained therein. Thus, the Examiner is respectfully requested to enter the foregoing amendment.

Accordingly, the Examiner is respectfully requested to exercise his discretion and approve the present amendment for entry under the provisions of 37 C.F.R. § 1.312.

Should the Examiner have any questions for comments regarding the present amendment, or this application, the Examiner is respectfully requested to contact the undersigned at the below listed number.

Respectfully submitted,
Yutaka YAMADA et al.
